A MESSAGE FROM PREMIER DOUG FORD

I'm pleased to welcome the Japan Society and all high school students participating in the virtual edition of the Japan Bowl Ontario 2022.

This is a great opportunity for students to enhance their knowledge of Japanese language and culture, history and geography. It's a chance for competitors to explore a world outside their own, and goes a long way to ensuring that our students are well-rounded.

Education is the best investment we can make for our future, and I'm proud to say Ontario has the best education system in the country, thanks in part to events like these. I'd like to thank the Japan Society and Huron University College for continuing their tradition of hosting this competition and giving our high school students the opportunity to broaden their horizons and learn the language and culture of Japan.

My best wishes for a successful competition and good luck to all participants!
